

# What is the Coronavirus?

Based on resource shared by R.Law,  
Rainbow base @ Richmond Hill

The Coronavirus is a virus that can make people feel unwell.

People who have the Coronavirus may have:

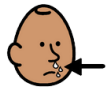

- Sore Throat/Cough

- Fever

- Runny Nose

Most people who have the Coronavirus will stay at

home to get better.

Some people who have Coronavirus will go to the

hospital to get better, but not many.

I can help by washing my hands.
